

Product Data Sheet

Virus Transport Medium (VTM)

Product Data:

Article number:	60-2026
Product name	Virus Transport Medium (VTM)
Shelf life:	12 month
Storage conditions:	Away from bright light Storage at 15-30°C.

Physical-chemical properties:

pH	7.3 ± 0.3
Filling volume	3 ml
Colour	Orange colored,
Appearance	Cleaxr solution
Texture	liquid

Typical Composition:

Calcium chloride dehydrate
 Potassium chloride
 Potassium dihydrogen phosphate
 Magnesium sulfate heptahydrate
 Sodium chloride
 Sodium hydrogen Carbonate
 Sodium dihydrogen Phosphate dihydrate
 Glucose
 Phenol red
 Antibiotics

Description

Virus Transport Medium (VTM) is a specially formulated medium for collection, transport and long term freeze storage of viruses.

Labelling (Legend of Symbols)
